The TAA is the labor union representing all graduate student workers at UW–Madison (TAs, PAs, RAs, GAs, and Fellows). We are the oldest graduate employee union in the world. Organizing began in 1966 and the first contract with the university was completed in 1970.  
**Any graduate student at UW-Madison is welcome to join**

We want **YOU**  
 (yes, you!)

to join *your union* & make life better  
 for UW-Madison graduate workers

Join the union today!

[taa-madison.org/join](http://taa-madison.org/join)

Dues are on a sliding scale based on income

Sign our union pledge:

[taa-madison.org/pledge](http://taa-madison.org/pledge)

Pledge to sign a union card if we beat the anti-union Act 10 in court! Join Governor Evers, Associated Students of Madison, and hundreds of our colleagues in **urging Chancellor Mnookin** to meet with TAA to discuss grad worker issues.

Join a General Membership Meeting

5:30pm on Sept 9 / Oct 15 / Nov 10 / Dec 2

Monthly meetings are open to all!

[taa-madison.org/calendar](http://taa-madison.org/calendar)

The TAA is an *Organizing Union*:

**The more we work together, the more powerful we are!**  
 QR codes on back // More ways to get help & get involved inside

Email [taa@taa-madison.org](mailto:taa@taa-madison.org) to get help or get involved with anything below

## Improving your department or grad program through organizing

The beating heart of union work is organizing — working together to demand and create better conditions. Teaching Assistants Association members, organizing within their departments, have won:

- Pay increases
- Fee remission
- Protections against overwork
- And more!

### What do you want to win?

TAA *stewards* are responsible for organizing their department, and coordinate with and learn from other stewards through the *stewards' council*. Email us to get involved or learn more!

## Fighting for the rights of vulnerable grad workers

Ask about our *working groups* — for International Students, for Disability Justice & more!

## Helping behind the scenes

 Is graphic design your passion?  Are you terminally online?  
 Are you a spreadsheet jockey? There are always ways to help with publicity and data work. Email us to find out more!

## Asserting your rights at work

Are you dealing with bullying, harassment, or unfair/dangerous working conditions?

Are you being disciplined or retaliated against by your supervisor, your program, or the university?

You have rights! Ask us about TAA's *Contract Enforcement Committee*

We help you contest and overturn:

- student conduct charges,
- expulsions/suspensions,
- pay decreases & contract violations
- and more!

A union representative can join you in disciplinary meetings, help you file written grievances, and help organize your colleagues to support you.

A union rep is not a lawyer, but they can help you look for legal assistance too.

## Do you want to help other students facing those issues?

This work is only possible through grad workers volunteering their time and experience. **Ask about joining the Contract Enforcement Committee, and we'll get you trained and plugged in!**
